1956  
STARLITE

All hail to our Alma Mater, dear Hot Springs High,  
Standing proud and true beneath the azure sky.

Alma Mater-pleasant memories you will bring.  
And to you forever, our hearts will cling.

## Class History

On one Autumn morning of 1943, we were eager but scared as we went through our first day beginning the twelve long years of school at Hot Springs High.

We were divided into two classes, with Mrs. Thaida Roberts and Miss Nancy Anderson as our first grade teachers.

As we went into the second grade, we began to feel more like school children with the help of Mrs. Harriet Runnion, our second grade teacher. Mrs. Esther Brooks substituted quite a lot for Mrs. Runnion during her illness.

Mrs. Imogene Gorenflo was our third grade teacher. We all liked her a lot because she was so patient with us.

In the fourth grade Mrs. Runnion met us again with a smiling face.

Mrs. Fred Moore taught us a very profitable year in the fifth. We loved her soft-never tiring voice.

The sixth grade was an enjoyable one. Winning the County Art Exhibit was a great event; this was led by our dear teacher, Mrs. Elva Fowler, and our beloved art teacher, Mrs. Buquo.

Miss Nancy Lippard, our seventh grade teacher, helped us greatly as we approached adolescence.

We were getting anxious for high school by this time. Mrs. Jewell Church prepared us for it perfectly. We had lots of fun in the eight years of elementary school.

As we entered our long longed-for high school, we were welcomed by Mr. Hood, Mrs. Clapp, Mrs. Dotterer, and Mrs. Thomas. It was pretty difficult at first but we became more adapted in our sophomore year, which was taught by Mrs. Dotterer, Mrs. Thomas, Mrs. Clapp, and Mr. Hood.

As we approached the junior year, we were feeling great. Mrs. Zuver, Mrs. Thomas, Mrs. Chandler, and Mr. Coffman taught us. Mrs. Zuver, our sponsor, worked very hard in helping us make money. She accompanied us on many enjoyable events.

At last we are seniors. We look back over the twelve years with sadness as graduating and leaving approach, but we will never forget Mrs. Zuver, Mrs. Thomas, Mr. Wallin, and our principal, Mr. H. W. Cook, for having the last hand in preparing us for our many responsibilities as upright citizens of America.

HISTORIAN  
Patsy McCall

## Class Will

As we the Senior Class of 1956, sadly realize that graduation is almost here, we leave to our fellow students the following:

I, Jean Gregory, leave my care-free ways and love for the Spring Creek boys to Kay Ramsey.

I, Patsy McCall, leave my ability to drive to Betty Ann McFall so that she can catch Buzz Line.

I, Kay Lamb, leave my ability to cut classes to Hazel McCall.

I, Vonda McCall, leave my good sportsmanship to Lillian Tolley.

I, Shirley Lawson, leave my quiet ways to Jeanette Lawson.

I, Nellie Keller, leave my ability to giggle and chase Junior Maynard to Isabel Barnett.

I, Helen Case, leave my flirty ways and ability to get engaged to Vonda Woody.

I, Madelon Henderson, leave my studious ways and absent-mindedness to Wilma Fincher.

I, David Lamb, leave my ability for ringing the bells to Ronnie Payne and my coming to school on time to Betty Gregory.

I, Junior Maynard, leave my ability to pester the teachers to Tommy Harrison.

I, David Wills, leave my study hall behavior to Paul Campbell.

I, Jimmy Davis, leave my ability for lying our to school to Woodrow Ricker.

I, John Mitchell, leave my ability to get along with Mrs. Zuver to R. C. Ray in hopes he will make better use of it than I have.

I, Glenn Plemmons, leave the remainder of my G. I. Bill to my Uncle Ronnie.

We, Doug Moore, Grover Moore, and Glenn Plemmons, leave our determination to finish high school to the Junior boys.

We, Jean Gregory and Kay Lamb, leave our ability to loaf and find out all the happenings to Buddy Talbert, Tommy Harrison, and Bruce Woody.

We, Patsy McCall, Vonda McCall, Helen Case, Kay Lamb, and Jean Gregory, leave our hang-out and daily get-togethers to Kay Ramsey, Linda Ramsey, Hazel McCall, and Betty Gregory in hopes that they do not get into as much trouble and mix-ups as we did.

We, the Senior class, leave our problems of making money and keeping peace with the Junior Class of next year to the Junior Class.

We, the Senior class, leave to the Sophomores our ability to get along with everyone.

We, the Senior class, leave to the Freshmen our position in athletics.

We, the Senior class, leave to the teachers our everlasting gratitude for their sacrificing their valuable time and effort for us to receive a better education.

To our Alma Mater, we leave our loyalty and undying love.

In witness whereof, we the Seniors of 1956, the testators, have written this will on this 25th day of May, in the year of our Lord, one thousand, nine hundred and fifty-six.

Testator  
Vonda McCall

# Class Prophecy

Here it is 1961, and as I lay in my hospital bed recovering from my last stock car race, I began to think of my classmates of '56. My Doctor, Madelon Henderson, now the head of Walter Reed Hospital, thought it would be a good idea for us to visit our classmates.

Our first stop was at Miami, Florida. The first person that we saw was Patsy McCall. Patsy has become one of our finest artists. The experience she got from the Annual and the "Panaroma", has helped make her career a very successful one.

As we were flying over Tennessee, we saw sitting on the steps of U. T.--could it be? I could hardly believe my eyes. Yes, it was John Mitchell, one of the professors. He invited us to have tea with him and guess who his secretary was-- Shirley Lawson. She surely has changed since she graduated from H. S. She showed us around the campus. The football team was practicing for their big game. It hardly seemed possible; right in the middle of the boys were Glenn Plemmons and Jimmy Davis. They weren't stars only at Hot Springs but were also at U. T.

We were having our dinner in New York, when I thought I recognized one of the waitresses at the Stork Club. It seems that Vonda loves to wait on people.

After dinner we attended a fashion show. The world's most famous models were there. But one in particular caught my eye. It was Helen Case, who always said she would be a professional model. She broke poor Buck's heart when she gave up becoming a housewife to make herself a modeling career.

We went to our hotel room to spend the rest of the evening. We turned on the TV, and got to see the "Grover Moore Show". It seems that he has taken George Gobel's place as the favorite comedian of today. He had as his guest star his brother, Douglas Moore. Doug won himself a new Cadillac. It surely was a good thing because his old Nash was beginning to give him trouble.

We decided to attend a late movie at the Plaza. We caught the bus into town. At first I hardly recognized the driver, but sure enough it was David Wills. He has lost a lot of weight; it must be because he is working so hard. He thinks that he will start a new bus line, the Wills Line. We wished him the very best of luck with it.

We decided since we were up that way, that we would visit West Point. The first person we saw was David Lamb, directing traffic to and from there. He had a car stopped which was owned by one of his fellow classmates. There was Junior Maynard sitting, grinning as always. He had just hit a car and injured two people. Can't he ever learn that fast driving doesn't pay?

David informed us that Nellie Keller was living in the same district as he was. He said she was now married to Thurman Reed and has two darling little boys.

Next we saw Betty Parker and her four little girls. She is still living in her one room apartment. It seems that Lane is making a career of the Navy. Poor Betty, with Lane gone all the time, she doesn't have much to do.

Well, it was soon time for us to bid all our friends goodbye. Dr. Madelon H. Henderson said that I had had enough excitement for one day. I surely hated to go back to the hospital, where I would once again have to see my manager, Kay Lamb. She's wanting me to race again. She always said, "Money is everything", and I'm beginning to believe she means it.

Believe it or not, she was waiting for me. She wants me to get well real fast so that I can get back on the tracks in a week. I'm beginning to wonder if I shall ever make it. I surely hope I live to see all my classmates, when again we will all have a reunion together. It's only five more years.

## OPPORTUNITIES...

... in the industrial world today are unlimited. Automation, atomic energy, a rapidly increasing population -- all point to a period of unprecedented growth in the industrial life of the nation.

Like many others, the textile industry is just scratching the surface of its own latter-day revolution, which began less than a quarter century ago with the introduction of man-made fibers.

Burlington Industries pioneered in production of fabrics from man-made fibers, and has today grown to be one of the world's leading textile concerns.

For young men and women thinking in terms of a career, the textile industry today offers opportunity "without bounds" in manufacturing, merchandising, research, development and design, and many other related fields.
